PROFILE

Third-year IT student at AUCA focused on software engineering, with hands-on experience across data analytics, network security, and database systems. Skilled in Python-based data analysis and requirements engineering, with practical exposure to enterprise security tooling. Planning to pursue Machine Learning / AI engineering after completing my undergraduate degree.

EDUCATION

B.Sc. Information Technology — Adventist University of Central Africa (AUCA), Kigali 2023 – 2027 (Expected)

- Coursework: Requirements Engineering, Software Quality Assurance, Big Data Analytics, Network Security, Database Systems

TECHNICAL SKILLS

Languages: Python, Java, C, JavaScript, PHP

Web & UI: HTML, CSS, PHP web apps, Java Swing (desktop UI)

Data & Databases: MySQL, PL/SQL (triggers, indexing), pandas, Matplotlib, Seaborn, Plotly, Dash

Security & Process: pfSense, Suricata, Wazuh, OpenVPN, Requirements Engineering, SRS Documentation, QA Planning

Languages Spoken: Kinyarwanda (Native), English (Fluent), Swahili (Good), French (Basic)

PROJECTS

Smart Church Services (SCS) — Requirements Engineering — Team

- Church management system delivered through a full requirements engineering cycle; contributed to SRS documentation, use case diagrams, and team coordination.

Online Supermarket System — C — Team

- Console-based application modeling physical supermarket operations, including inventory and billing/checkout.

Student Marks System — HTML/CSS/JS/PHP/MySQL — Team

- Web-based system for entering student marks, calculating grades/averages, and generating report cards.

Student Registration System — Java (Swing), MySQL — Team

- Desktop application for registering student information and storing records in a database.

EXPERIENCE

Secretary to the Campus Coordinator — AUCASA, AUCA Postgraduate Campus

2023 – 2024

- Handled communication between students and administration.

Co-Founder — Gahogo Adventist Academy Charity Foundation

2020 – Present

- Co-founded a community welfare organization, coordinating initiatives that support the local community.
